MPSI - WOMEN AND INTERCESSION

Women are good intercessors. In fact, they are the best intercessors. The way a woman is made, makes her someone who can intercede. The Intercessory ministry as most people are not prepared to function in this hidden ministry anymore.

- An intercessor is someone who stands in the gap for another.
- An intercessor is someone who goes through great pain in order to seek God's face during times of trial and affliction.
- An intercessor is someone who groans in prayer in order to see GOD'S will being done in the lives of others.

Rev. 19:5, Hebrews 7:25, Proverbs 19:20-21

OBJECTS OF INTERCESSION

One of the qualities of an intercessor is the ability to groan and travail. Such a kind of ministry is very tiring and laborious. If there is any set of people that are best suited for the ministry of intercession, it is the women folk; of all exercises on earth none is as tedious, painful and energy sapping as the process of labour and child birth.

I have personally opportune to be in the labour room during my wife giving birth to my son. See blood how it flows, serious and crying pains, if you witness as a man. You will cry out and be prayerful for your wife and your family and respect your wife.

The amount of energy which a woman uses to push out a baby is breathtaking. By the time a woman has gone through child birth once, she is equipped to travail in prayer. Hence, women have found it naturally simple to spend long hours groaning in prayer in order to secure Divine Intervention for a particular issue, or for a particular family. Jer. 4:31, John 16:21, Gal 4:19, Eze 22:30.

The bible teaches us that a woman is priceless, she is a jewel of inestimable value, and she is a treasure that can hardly be quantified. Women can rise and become the best, women can get to the top, and women are capable of showing us that there is nothing grace cannot do. Women constitute a group of people who can draw upon the grace of God.

As a woman, you can excel, you can maximize your potentials and be a pacesetter, God is looking for women who will stand out of the crowd and prove to the world that being a woman does not matter and that a woman can demonstrate the fullness of GOD'S GRACE especially women who are God's Generals.

As a woman you can make a great difference in your family, your community and the church. The only way is to look in the mirror of GOD'S word and develop qualities that will bring out the Glory of God.

Research has proven that men with good wives generally live longer. There is nothing that promotes longevity like the good influence of a Godly woman. A lot of men have died prematurely because the women whom they lived with converted their lives on earth to hell.

As a woman you must conduct your affairs in such a manner as to prolong the life of your husband. When a woman nags, complains and murmurs, life can be made miserable for the man.

May God make you a woman that will enable the longevity of your Husband, IN THE NAME OF JESUS.

May GOD make you a woman whose total influence will keep your husband healthy and peaceful in your family IN THE NAME OF JESUS.

A man who hates his mother without a cause will surely hate his wife. The relationship between a man and his mother will influence his relationship with his wife as it will be the same yardstick he would use for his spouse.

If you carry the negative attitude you have towards your mother to your family, you may discover that it will remain a replay of what you did previously. They say charity begins at home but it does not end there. What you did at home may be carried sooner or later to your new family. GOD will see MPSI-Families, our partners and their families through IN THE MIGHTY NAME OF JESUS CHRIST OF NAZARETH. As we say Amen...

NOTE: GOD does not come down from HEAVEN to help anybody, GOD has a representatives on earth, you are the one, when you are given the enablement strength, capacity, provision to assist, help, direct, guide; your helps and attention to peoples cry from their hearts, GOD will bring their pictures in your minds to put laughter, happiness across to them, so that they have the chance to thank GOD and share their testimonies to the whole world. GOD bless you richly as we all say – Amen...
